

WIRE & VALVE LOCATOR

Includes transmitter, receiver, headset, ground stake, and slim-line carry case.

Product Features:

The 521A combines adjustable transmitter power with a sensitive locating receiver to allow location of buried wires and valves with speed and confidence.

- High power transmitter offers extended long range and allows use on higher resistance wire paths.
- Adjustable transmit power allows you to select the best signal for maximum performance.
- Receiver provides adjustable loudspeaker audio, headset audio and visual indications of signal strength.
- Long-nose receiver wand makes it easy for you to move along quickly to locate even the longest wire path.
- Valve solenoid 'hotspot' signal to pinpointing valves.
- Rugged headphones block ambient noise.
- Battery-operated.
- 1-year warranty.

Specifications:
