46603 – Long style RG59/6 “F” Connectors

46602

### ***Two kits for reproducing the exact same high quality connection every time***

Each of these two kits have been designed to cut, strip, terminate and tighten coax connectors based on highly engineered specifications. Each kit contains:

- **0251-08D** 8" diagonal cutting pliers
- **45592** stripping tool with depth stop, allowing you to easily replicate exact cutbacks and a Velcro pad to pull back insulators without risk of injury
- **0153-42C** 6-in-1 multi tool
- **FL2AAAP** LED pen light
- **0354-1430T** 7/16" torque wrench engineered to tighten connectors up to 30 in-lb
- **PA5001** Grip pack with quick release belt clip
- Kits are available for shorter (PA7602) or longer (PA7603) style “F” connectors
