GREENLEE®
TOOLS TO GET THE JOB
DONE RIGHT EVERY TIME

Greenlee Gator® tools combine industry-leading technology and ergonomic designs to help you work smarter on the jobsite. With features including i-press® diagnostics and Intelli-CRIMP® technology such as, Automatic Retraction Stop (ARS), you can always be sure the job is done right.

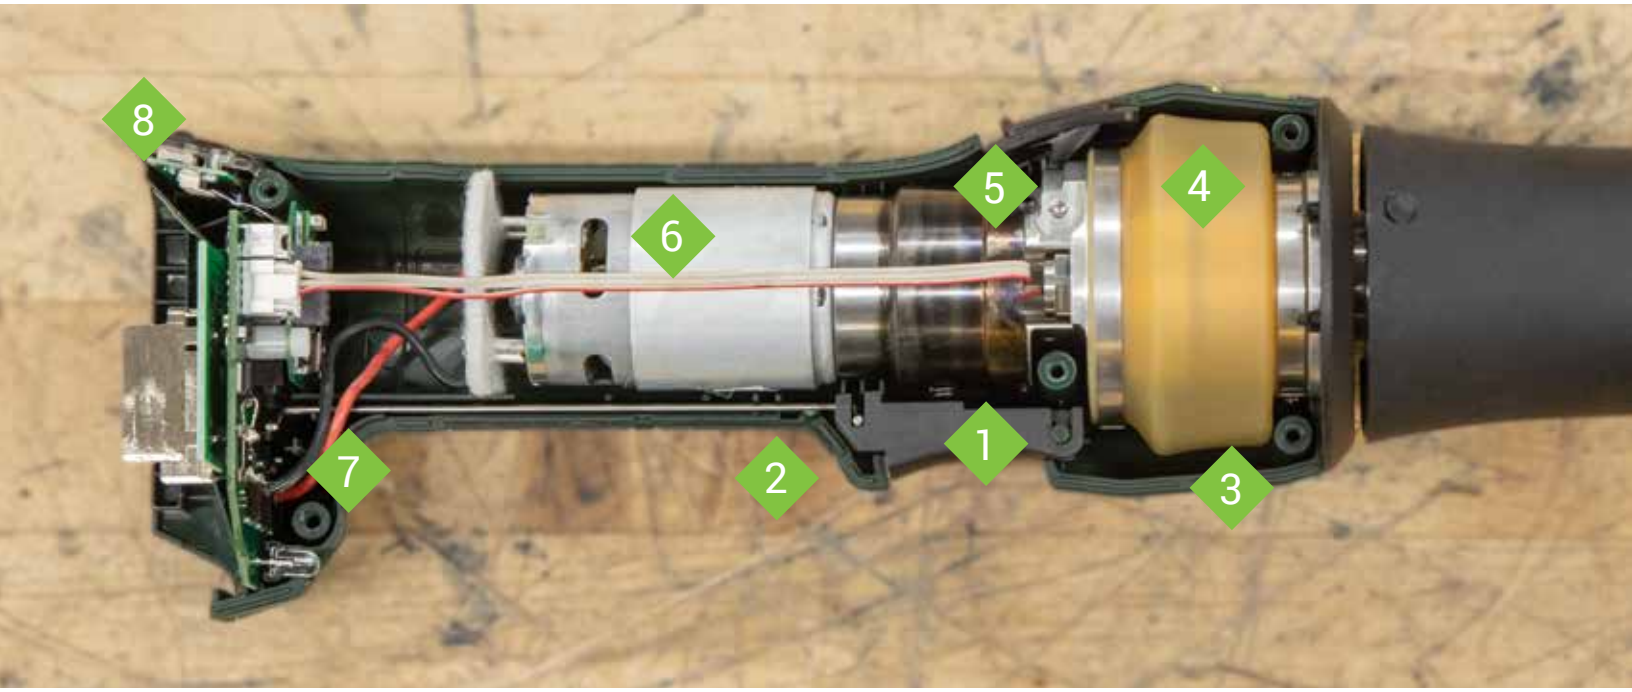
IMPROVE SAFETY
Updated tool design provides a lightweight ergonomic solution for confined work areas

WORK SMARTER
Bluetooth® networked tools interface to diagnose any tool to keep optimal overview of tool performance

BE MORE PRODUCTIVE
Save time on the jobsite with innovative features such as Automatic Retraction Stop (ARS)

MAXIMIZE POWER SUPPLY
High capacity Makita® battery platform provides active battery monitoring

The New Design **Standard**



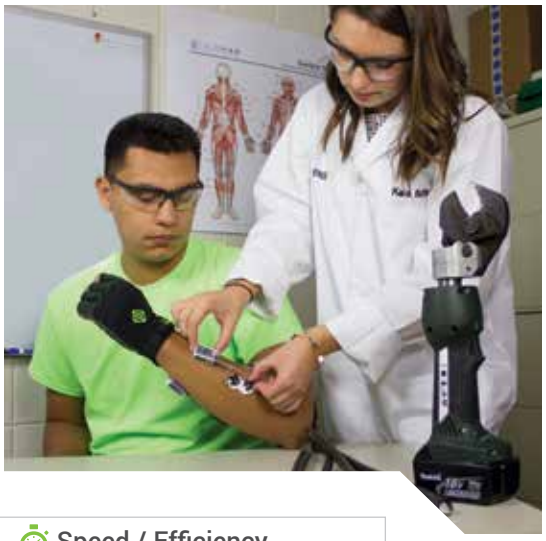
1. **Single trigger** control of tool function
2. **Double ovoid hand grip** to reduce user hand fatigue
3. Updated housing is **2X more durable**
4. **Increased capacity** of orbital oil reservoir
5. i-press® sensor measures pressure **32 times** every second
6. 5-pole motor **runs cooler and longer**
7. **Coated circuit board** protects against dirt and water
8. OLED **real-time readout** of the tool battery charge, pressure level and cycle information

INDUSTRY'S FIRST IN-HOUSE ERGONOMICS TESTING LAB

ErgoLab

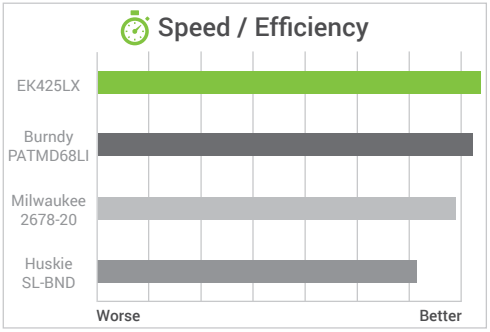
3RD PARTY TEST RESULTS

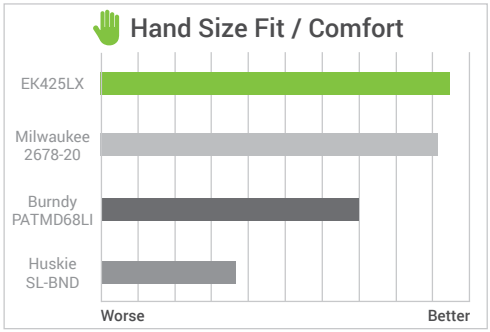
Our in-house ErgoLab has partnered with **Iowa State University's** ATHENA LAB, a premier engineering and scientific leader in ergonomic testing, to compare our battery tools against the competition.

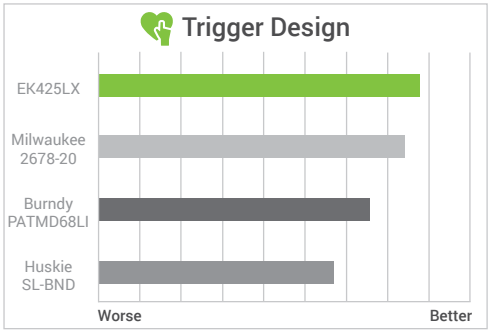


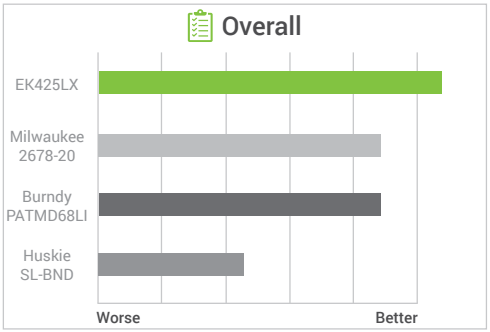
Testing Spotlight

Greenlee EK425LX/EK628LX is rated the best 6-ton crimpers overall in all eight performance categories. (Reference testing) A highlight of the surveyed categories include:









Milwaukee® is a registered trademark of the Milwaukee Electric Tool Corporation
Burndy® is a registered trademark of Hubbell Incorporated
Huskie® is a registered trademark of Huskie Tool, INC.

i-press® App

- Personalize your tool settings
- Review tool performance data
- Choose individual user profiles
- Create and send work history PDF's
- Available for your smart phone or tablet on iOS and Android platforms

WORK SMARTER

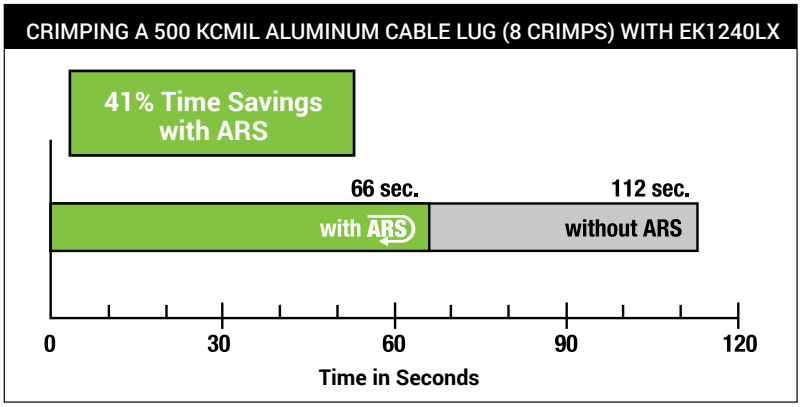
Monitors Pressure – 32 times every second to ensure proper force is applied at the crimping tool

Polices the Crimp – Alerts operator visually and audibly if cycle is not performed correctly

Retracts Automatically – Tool signals user that crimp is complete by retracting ram automatically

Saves Time – Smart tool minimizes the retraction distance after each cycle utilizing features such as Automatic Retraction Stop (ARS) which retracts the ram just enough to get ready for the next cycle, saving time and energy. Another feature is Retraction Stop Repeat (RSR) which allows the operator to partially retract the ram repeating the retraction for subsequent crimps.

ARS
Automatic Retraction Stop



After a cut or crimp, **Automatic Retraction Stop (ARS)** prevents full retraction of the ram, saving time when making multiple crimps.

Understanding what the Tool is Saying

Red Bi-LED	Work LED	Audio	Description
20 sec			Glowing for 20 seconds after crimp, battery discharged
2 x			Self check after battery insertion
20 sec/2Hz			Flashing for 20 seconds at 2Hz after crimp = return for service
20 sec/5Hz			Flashing for 20 seconds at 5Hz during high temperature = unit too hot
			20 seconds glowing and 20 seconds flashing intermittently after crimp = service required and battery flat
1 x	1 x		Error: the necessary oil pressure was not reached, or there is a manual retraction with the motor not running
3 x	3 x		Error: the necessary oil pressure with the motor running was not achieved

3 YEAR WARRANTY

Greenlee Tools, Inc. warrants to the original purchaser of these goods for use, that these products will be free from defects in workmanship and material for a period of three years excepting normal wear and abuse. This warranty is subject to the terms and conditions contained in Greenlee's standard three-year limited warranty policy.

See below for information.

Greenlee extends the following warranty to the original purchaser of these goods for use, subject to the qualifications indicated. Greenlee warrants to the original purchaser for use that the products sold by it will be free from defects in workmanship and material for a period of three years for Gator® battery-powered and corded tools, including batteries from the date of purchase, provided such goods are installed, operated, maintained, and used in accordance with Greenlee's written instructions.

Ordinary wear and tear, and damage from abuse, neglect or alterations are not covered by this warranty. This warranty is null and void if instructions and operating procedures are not followed.

Greenlee's sole liability and purchaser's sole remedy for a failure of goods under this limited warranty, and for any and all claims arising out of the purchase and use of the goods, shall be limited to the repair or replacement of the goods that do not conform to this warranty, and shall be in lieu of any other liability or remedy, including, without limitation, any causes of action in negligence and strict liability.

To obtain repair or replacement service under this limited warranty, the purchaser must return the product to a Greenlee Authorized Service Center, transportation prepaid. Do not send any warranty/repair product directly to Greenlee, as it will be returned to the sender.

Tools found defective will be replaced or repaired at no charge and returned. There are no express warranties covering these goods other than as set forth above. The implied warranties of merchantability and fitness for a particular purpose are specifically excluded. Greenlee assumes no liability in connection with the installation or use of this product, except as stated in this limited warranty.

Greenlee will in no event be liable for incidental or consequential damages.

This limited warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow either limitations on implied warranties, or exclusions from incidental or consequential damages, so the above limitation and exclusion may not apply to you.

Any questions pertaining to this limited warranty should be addressed to:

Greenlee Tools, Inc.
4411 Boeing Drive, Rockford, IL 61109-2988 USA

Greenlee has elected not to make available the informal dispute settlement mechanism which is specified in the Magnuson-Moss Warranty Act.

Note: Rental units and demonstrators used for income producing purposes are warranted for 90 days. Rental units and demonstrators which are resold are not covered under warranty by Greenlee. Any warranty, whether expressed or implied, rests solely with the seller.

Greenlee warrants to the original purchaser of these goods for use that these products will be free from defects in workmanship and material for their useful life, excepting normal wear and abuse.
