FASTER. SAFER. EASIER.®

G GREENLEE

FOR OVER 150 YEARS GREENLEE HAS DESIGNED, TESTED, AND MANUFACTURED

Designed to save time and money on the job site, **GREENLEE** tools are used by industry professionals worldwide for their superior performance and excellent durability – that's why we're Faster, Safer, and Easier.

G GREENLEE.

serves the global needs of professional linemen and utility contractors. From intelligent cutting and crimping tools to powerful hydraulic tools, Greenlee Utility offers a complete lineup of products utility professionals need to get the job

tools for datacom, telecom, and fiber-optic applications. Choose from a large lineup of premium installation tools, tone generators, fiber-optic equipment, and more – all powerful threaders, trust Greenlee and ROTHENBERGER field tested to perform.

ROTHENBERGER pipetool technologies at work

offers industry-leading Through a joint-venture with **ROTHENBERGER**, Greenlee is proud to present a full mix of professional plumbing for your next plumbing or pipefitting job.

MADE FOR THE TRADE![™]

EXPAND YOUR PRE-FABRICATION CAPABILITIES WITH GREENLEE TOOLS AND SOLUTIONS.

Whether you've been implementing Pre-Fabrication principles for years, or are just getting into the

PRE-PUNCHING PANEL BOXES (KNOCKOUTS)

Whether you want to punch 1/2" holes in mild steel or 4" holes in stainless steel, Greenlee has a punch to suit your needs.

- SPEED PUNCH™ System The fastest knockout system on the market - up to 3x faster than standard threaded punches
- Self-Centering (SC) No need to mark crosshairs, SC punches line up automatically.
- LS50 & LS100 Battery Powered Knockout Drivers Reduce user fatigue and increase productivity.

LARGE SCALE BENDING (1055 AUTO BEND 3D)

- Take your pre-fabrication operation to the next level.
- Easy to use No manual calculations or marking on conduit are required. After the bend information is entered into the easy-to-use 17" LCD touch screen interface and the conduit is loaded the bender does the rest.
- Versatile Bend 1/2" to 4" EMT, IMC, Rigid, Aluminum-Rigid, and Stainless Steel Conduit into any configuration with the simple push of a button.

PRE-BENDING CONDUIT

(BENDING)

Install electrical conduit with industry-leading bending equipment

• Easy to use – All Greenlee benders are designed with the

GTS-1930

easy to operate. • Productive – Up to 4x faster setup when compared to the competition with Shotgun[™] shoe

user in mind, meaning that they're simple to setup and

GET THE PIPES FLOWING (THREADING & PIPE CONNECTION SOLUTIONS)

- Choose from a complete line of plumbing and pipefitting tools.
- **RoConnect** ROTHENBERGER compact press tools when
- you need to get the job done.
- Productive Up to 4x faster setup when compared to the competitior

DAY TO DAY TASKS (HAND TOOLS AND POWER TOOL ACCESSORIES)

Trust Greenlee and ROTHENBERGER hand tools when you need to get the job done.

- Wire & Cable Strippers Safely and ergonomically strip hundreds of cables types with precision and ease.
- Reciprocating Blades Choose from a wide selection of professional and specialty blades to suit your needs, including titanium-coated blades for long life.

STORE, PROTECT, & MOVE (STORAGE & MATERIAL HANDLING)

Keep your equipment safe and secure.

- **Full lineup** Choose from a wide range of storage boxes to suit vour needs.
- Heavy duty ROTHENBERGER pipe stands and Greenlee job boxes are engineered to keep items safe and secure

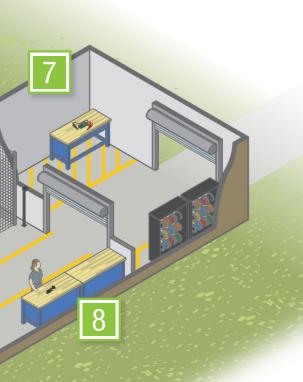

• CLM-1000 Cable Length Meter - Measures the length of the cable without removing it from the spool, counting turns or weighing the spool.

CLM-1000

• **Gator Eye™**– Download, print, and store work information such as operating pressure, number of crimps/cuts, and battery information.

game, there's a Greenlee tool to fit your needs.

THE WAY YOU CRIMP TODAY (LOW VOLTAGE CRIMPING)

Speed production time and reduce injury with Greenlee's ergonomic Crimping and stripping tools

- EK50ML Crimp 3x faster with this battery powered micro-crimper with PowerSense Technology.
- **EK410L** Intelli-Crimp[™] technology monitors the crimping force for each crimp and provides an alert if the force is below expectations.

SOLUTIONS FOR PRE-FABRICATION AND PRODUCTION SHOPS

PRE-PUNCHING PANEL BOXES KNOCKOUTS)

SPEED PUNCH[™] Kit with LS50 Knockout Driver

The fastest knockout system on the market - simply slide, secure, and punch with 6 tons of force. Includes 1 S50 Battery-Powered Knockout Driver. 1/2" to 2" punches, dies, and a #3 Kwik Stepper [®] Step Bit.

2-1/2" to 4" SPEED PUNCH Kit (7304SP)

• Get the complete set and be ready for any hole punching task.

1/2" to 2" Stainless Steel SPEED PUNCH Kit (7307SP) Punch ¹/₂" to 2" knockouts in up to 10 gauge stainless or mild steel.

LS100L Battery-Powered Punch Driver (LS100L) Punch ½" to 4" knockouts in 10 gauge mild steel or 12 gauge stainless. Twice as fast as the competition

with 11 tons of punching force. Hydraulic Knockout Punch Driver Kit (1732) Fast, one-shot punching, no pre-drilling pilot holes. Includes 1732 Driver with Ram, 3/8", 3/4", 1-1/8" Punch and Die Adapters.

LARGE SCALE CONDUIT BENDING

1055 Auto Bend 3D (1055)

Greenlee's latest bending innovation allows you to bend 1/2" to 4" EMT. IMC. Aluminum-Rigid and Stainless Steel on the most accurate and advanced automated fabrication bender, resulting in less scrap and rework.

PRE-BENDING CONDUIT

(BENDING)

Triple Nickel Electric Benders (555C, 555CX)

 Trust Greenlee 555[®] Benders to get the job done. Now with combination shoes, allowing users to bend a wider range of sizes on the same shoe

- Shot Gun Shoe (SG4) Bend four pieces of like conduit at the same time. Up to 2x faster bend cycle. Works with current Greenlee 555 Benders.
- Hydraulic Bender (881C) The entire kit for your One-Shot 90 degree bends up to 4". Includes 2-1/2", 3", 4" shoes and hydraulic

Mobile Bending Table (881MBT)
Bend conduit where needed, completely mobile to maximize material handling.

Hydraulic Pump (980) • Two stage pump with 10.000PSI for faster and easier use.

Electric PVC Heater (847

 Ready to bend all schedules of PVC up to 6" within 10 minutes

GET THE PIPES FLOWING

THREADING & PIPE CONNECTION SOLUTIONS)

Collins[®] 22A (00679)

 Production capable machine suitable for both on-site threading, pre-fabrication, and production work up to 2"

Open Wheeled Stand (00045) • Make the 22A portable with this lightweight tool tray with extra storage space.

Collins® 44A (00039) Powerful 5 HP motor. Threads conduit, pipe, bolt, or rod 1/2" to 4"

Collins[®] 66A (00174)
Threads conduit, pipe, bolt, or rod from ½" to 6". Best model for production large diameter threading.

Nipple Max Set (0008

• For uses with the 22A, 44A, 66A threaders. These nipples have patented mechanism that expands and self-locks pipe from inside for work on short pipe

Extension Bar (00199)

· Needed to make nipples on threaded pipe.

Nipple Chuck Assembly (00098)
To assemble the nipple chucks for 2-1/2" to 4" when using the 22A, 44A, and 66A.

- Nipple Chuck Assembly (00073) To assemble the nipple chucks for 5" and 6" pipe with the 22A, 44A, and 66A.
- ROMAX[®] 3000 kit (15800) • The complete kit for your press needs. This hydraulic inline tool is compact and ideal for tight spaces. Includes 6 jaws.

ROCONNECT[®] 1/2" to 1" Copper Jaws (16002) Illumination light for dark work areas. LED technology displays tool maintenance status. Ideal for working in

tight spaces ROCONNECT[®] Cordless tool, ½ " to 2" Copper Jaws

Lightweight pistol design for pressing up to 2".

Sweatbox (PA20023)

Soldering kit that includes SuperFire 3 Heavy Duty Torch, 35 PRO Tube Cutter, and Mini Max Tube Cutter.

Supertronic[®] 2SE Compact Threader (63004) Self-centering pipe threader can handle up to 2" pipe.

Supertronic[®] 4SE Threading Machine (63006) Fast and steady threading can handle up to 4" pipe.

Superjack Pipe Stands 0640 10641 10643 106

Supports full length of pipe from 1/2" to 16" diameter for cutting, threading and fabrication.

DAY TO DAY TASKS (HAND TOOLS & POWER TOOL ACCESSORIES)

Saber[™] Cable Stripper (GTS-1930) Replicate exact cutback depths safer and faster than ever by providing a safe alternative to blades. Bushings available from #6 AWG - 750 kcmil.

- Universal Cable Stripper (JRF-4) One tool with infinite adjustability, ergonomically
- strips hundreds of cable sizes and types Stainless Steel Wire Strippers
- (1927-SS, 1950-SS, 1955-SS, 1956-SS) Designed to outlast the competition, Greenlee stainless steel wire strippers cut, strip, crimp, grab and much more
- 28 Piece Electrician's Tool Kit (0159-11) All inclusive tool kit designed with the master electrician in mind.

Journeyman's Tool Kit (0159-12) • Perfect Kit for the journeyman electrician.

ROCUT 42TC (52000)

• Plastic pipe shear with ergonomic handle and pinpoint precision cutting

ROCUT PROFESSIONAL 75TC (52015) Precise pressure transfer for exact plastic pipe cuttina.

PRO TUBE CUTTER 42 (70029

 Cuts tubes made of copper, brass, aluminum, thinwalled steel, stainless steel, and plastic-coated tubes up to 1- 5/8" 0.D.

Deburring Tool (70075) • Heavy duty deburring tool for 3/8" to 2" copper and stainless steel.

Conduit Cutter (8600

 Patented cutting wheel eliminated the need to deburr. Cuts EMT electrical conduit.

STORE, PROTECT, & MOVE (STORAGE & MATERIAL HANDLING)

- Tribench with chain vise (70752 Folds easily to maximize space that is perfect for securing pipe when cutting or threading
- Superiack Pipe Stand with "V" head (10641) Supports full length of pipe up to 8" for any task
- Oil Bucket (70753

 Catch oil in this easy to clean bucket that clamps onto stand.

Mobile Work Bench (3548

 Tough composition board work surface with built-in chain vise and telescoping wrench stop. Removable shelf for storing larger items.

Conduit and Pipe Rack (668)

 Store and move conduit and pipe with this collapsible, stackable conduit and pipe rack

2-Door Storage Cabinet (5760TD)
Keep your equipment safe on-site. Recessed and concealed lock protector resists unwanted entry and lock corrosion

GMX Material Cart System

 Reduce inventory and increase mobility with this modular material handling solution. No hardware is needed for any of the 5 kit configurations.

FROM CABLE TO CRIMPS (INVENTORY MANAGEMENT

CLM-1000 Cable Length Meter (CLM-1000)

 Cable Length Meter – Measures the length of cable without removing it from the spool, counting turns or weighing the spool.

Gator Eye[™] (GATOR-EKG)

 Download, print and store work information such as operating pressure, number of crimps/cuts, and battery information

THE WAY YOU CRIMP TODAY (LOW VOLTAGE CRIMPING)

EK50ML Micro Crimper (EK50ML120)

 Able to crimp terminals, twisted pair and coaxial cables, its versatility provides the end user with the ultimate flexibility when approaching the job. Crimp 3X faster and with 90% less hand force compared to ratcheting tools.

- 4-Ton Gator[®] Crimping Tool (EK410L)
 Intelligent Crimping System Technology includes a pressure sensor that monitors the crimping force of each crimp and provides a warning if the force is pelow specifications.
- 12 Ton Gator® Dieless Crimping Tool (EK12IDL) Dieless indent style crimping head does not require interchangeable crimping dies

Battery Powered Pump (EHP700L)

 Cut, crimp and punch with any 10K PSI single acting remote head.

Gator[®] Cable Tray Cutter (ETS8L)

 Cut basket style cable trays at any angle with this battery-powered cutter.
