

Date: 19 February 2015
Release: Immediate

Greenlee Communications to exhibit and present at 2015 BICSI Winter Conference

Greenlee Communications will be debuting the new AirScout™ at the 2015 BICSI Winter Conference & Exhibition, February 23-25 in Orlando, Florida. AirScout™ is a client-side testing solution that assesses Wi-Fi environment and performance before an installation is complete, reducing Wi-Fi-related customer calls and truck rolls.

Jason Byrne, Greenlee Communications Director of Product Management, will present Quality of Experience Over Wi-Fi - The Next Big Thing, at the conference on Wednesday, February 25 at 9 a.m. The presentation will focus on Wi-Fi readiness to deliver a seamless Wi-Fi experience to customers.

Greenlee Communications will be exhibiting additional products at booths 311 and 313 in the exhibit hall, and showcasing the AirScout™ in the New Product Pavilion. Visitors to the booth will have an opportunity to win an iPad Air the first two days of the show.

Registration and information about the 2015 BICSI Winter Conference & Exhibition is available at www.bicsi.org/winter. For more information about Greenlee Communications, visit www.greenleecomunications.com.
