TMC names Greenlee® Communications a 2016 Communications Solutions Product of the Year Award Winner

DataScout 10Gx Recognized for Exceptional Innovation

Rockford, IL. — Greenlee Textron Inc., a Textron Inc.(NYSE: TXT) company announced today that [TMC](#), a global, integrated media company, has awarded the DataScout 10Gx multi-service network analyzer a 2016 Communications Solutions Product of the Year Award.

As part of Greenlee’s rapidly expanding line of Ethernet and transport solutions, the DataScout 10Gx network analyzer integrates eight fully independent test interface options including, dual port 1G & 10G Ethernet, T3/E3, T1/E1, DS0, PRI-ISDN, 2W/4W Signaling-TIMS, DATACOM, and DDS which are housed in a ruggedized all aluminum enclosure for added protection. The DataScout 10Gx network analyzer is a Bluetooth® controlled test platform enabling technicians to wirelessly control it up to 100 feet away using any Android™ tablet or mobile device equipped with Bluetooth technology.

“Service providers and utilities are integrating mobile devices into their workflows and seeking best of breed test equipment leveraging these devices,” said Jason Butchko, VP/GM for Greenlee Communications. “DataScout 10Gx enables technicians to work independently of their test equipment and enhances safety by allowing technicians to step away from noisy or cramped work locations and work from a safer area.”

“Congratulations to Greenlee Communications for being honored with a Communications Solutions Product of the Year Award,” said [Rich Tehrani](#), CEO and TMC. “The DataScout 10Gx is truly an innovative product and is amongst the best solutions brought to market in the past twelve months that facilitates business-transforming voice, data and video communications. I look forward to continued excellence from Greenlee Communications in 2017 and beyond.”
